BOTTOM DUMP

LOOKING FOR MORE?

Navigate to www.trailking.com, and click on the SOLUTIONS tab. Each product page includes specifications, video, literature, images, services information and our official color card.

STANDARD FEATURES

Full Oscillating 5th Wheel Plate

A spherical, chrome bushed design reduces trailer stress and extends the service life of the tractor and frame.

Large 11'6" Clam

Overlapping knife edge ensures full closure of gates. Continuous hopper slopes with a 54" x 99" hopper opening, deliver complete dumping and reduce areas of material build up.

Windrow Deflector

Standard bolt-on deflector is designed to be easily removed, repaired or replaced if damaged.

Plastic Rounded Fenders

Rugged, flexible, impact-absorbent plastic rounded fenders (front and rear) shed falling debris to protect both the trailer and wheels.

Heavy-Duty Gate Stop

Increased productivity and greater output with fast cycle times and recently modified easy to use gate limit setting. Convenient position with 6 adjustable locations. Infinite gate control available.

Bronze Bushings

Oil-impregnated bronze bushings at the gate pivot points ensure smooth operation, long life and simplified replacement.

TRAIL KING **BOTTOM DUMP**

DESIGNED TO PERFORM LIGHTER THAN EVER.

The Bottom Dump is engineered to be lightweight, yet rugged and strong. Its lightweight cross-bracing and gusset design minimizes the twisting and flexing in critical stress areas while delivering maximum weight savings. This trailer can haul more payloads than ever before.

Popular Options

- Electric or manual tarp systems
- Additional light packages
- Electronic gate stop
- Side extensions

@trailkingind

Bolt-On Push Block

(Standard) Also available with pintle hitch.

Bolt-on Parts

Bolt-on fender brackets, fenders and light boxes provide ease of maintenance. New rounded hopper cross members are designed to be easily replaced if damaged.

Large Air Reservoir

Standard 60 gallon air reservoir allows more capacity for the gate and quicker operation.

Sloped Top Rail

Allows material to shed, reducing areas of build up and less corrosion. One-piece unitized hopper and frame design ensure superior cleanout.

RUGGED STRENGTH & DURABILITY

NOW LIGHTER THAN EVER
